Hispec Battery Operated Smoke Detector

Manufacturer: Hispec Electrical Products Ltd

GTIN: 5060144132383

Family: Fire Detection

Range: Battery Only

DESCRIPTION

The Battery Operated Heat Detector offers reliable temperature-based fire detection without the need for mains power. Ideal for areas where smoke detectors might be less effective, this heat detector provides essential safety and early warning with easy installation and maintenance.

- **Battery Operated:** Powered by batteries, eliminating the need for mains connections and making it suitable for areas where electrical wiring is not readily available.
- **Reliable Smoke Detection:** Equipped with advanced smoke sensing technology to detect smoke promptly, providing early warning and enhancing safety in your property.
- **Easy Installation:** Designed for simple and quick installation with no complex wiring required, allowing for effortless integration into various settings.
- **Low Maintenance:** Requires minimal upkeep, with battery replacement being the primary maintenance task, ensuring long-term reliability and ease of use.
- **Compact Design:** Features a compact and unobtrusive design that fits seamlessly into different environments without being intrusive.
- **Test and Hush Features:** Includes test and hush buttons for easy maintenance and to temporarily silence false alarms, offering flexibility and control over detector operation.
- **Durable Construction:** Built from high-quality materials to ensure durability and reliable performance in a variety of conditions.
- **Compliance with Safety Standards:** Meets relevant safety and performance standards to ensure effective smoke detection and improve overall safety.
