Securi-flex SFX100STDPVCBLK100 SFX/100-STD-PVC-BLK-100

Securi-Flex SFX/100-STD-PVC-BLK-100 Cable 100m SFX100 Satellite Coaxial Standard Black PVC

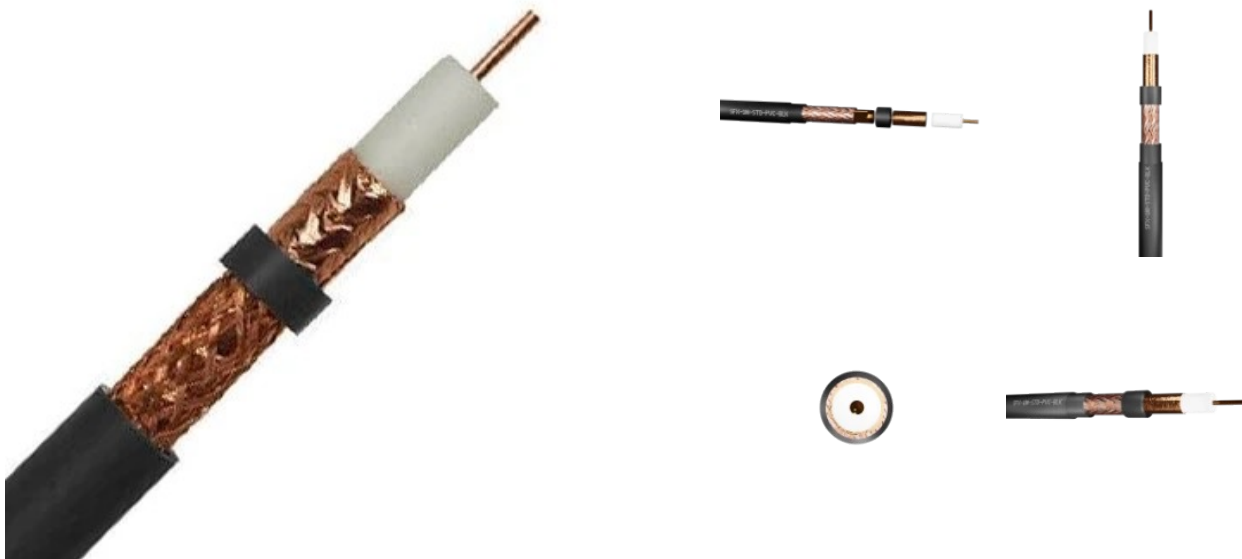

Manufacturer: Securi-flex Limited

GTIN: 5056631500230

Family: Coax Cable

Alt. Part Number: SFX/100-STD-PVC-BLK-100

Range: TV / Satellite Coax Single Cable

DESCRIPTION

Our range of TV coaxial cable has been conformity certified by the CAI and independently tested by RN Electronics, ensuring that it is of the highest quality. These coaxial cables are used to carry video signals or radio frequencies and are often used to connect a TV set to either a TV aerial or satellite receiver.

- High frequency, low loss cable, designed to carry CCTV, TV and Satellite Signals
- Manufactured with gas injected foam granting the cable a much better mechanical, electrical and ageing performance compared to a solid PE dielectric
- Polyvinyl chloride plastic has excellent aging properties and will usually exceed a 25-30 year service life
- This family of cable contains both a foil and braided screen, enhancing performance and reducing interference
- Improved performance and protection against fire

TECHNICAL SPECIFICATION

ETIM Class: Coaxial cable (EC000019)

Primary Features

Sheath colour

Black

Additional Features

Characteristic impedance (Ohm)	75	Reaction-to-fire according to EN 13501-6: Class	Fca
Inner conductor material	Other	Sheath material	Polyvinyl chloride (PVC)

FURTHER DETAILS

Product Status (at download): Active

Date Updated: 05-08-2025

Trade Tariff Commodity Code: 85442000
