Securi-flex SFXBWPVCWHT100 SFX/BW-PVC-WHT-100

Securi-Flex SFX/BW-PVC-WHT-100 Cable 100m Bell Wire White PVC

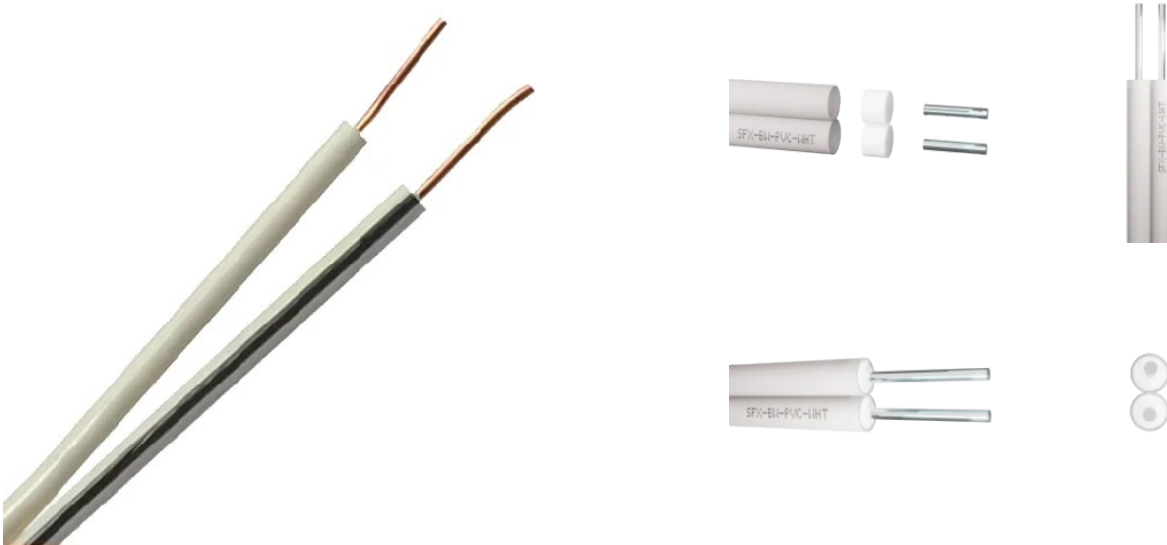

Manufacturer: Securi-flex Limited

GTIN: 5056631501756

Family: Alarm Cable

Alt. Part Number: SFX/BW-PVC-WHT-100

Range: Bell Wire

DESCRIPTION

Alarm cable is mainly used in the security industry to connect alarm system equipment, like control panels and sensor controls. It can be used for both commercial and domestic properties. Our range of alarm cable products covers all ends of the price and specification spectrum, from budget-friendly TCCA to premium copper. These are available in a variety of sheathing materials, including PVC, LSF, LSZH & externally rated sheath types such as PE and Direct Burial. They are also offered as screened for minimal interference, as well as in a range of core numbers, from 4 cores to 12 cores with 20 core available upon request. Our 6 core and 8 core alarm cable are some of the most popular ranges.

- A low cost bell wire
- Ideal for low voltage devices such as doorbells
- Polyvinyl chloride plastic has excellent aging properties and will usually exceed a 25-30 year service life
- Marked for polarity
- Can be used for small speakers

TECHNICAL SPECIFICATION

ETIM Class: Data and communication cable (EC003249)

Primary Features

Cable type	U/UTP	Number of cores	2
Category	None	Sheath colour	White
Core identification	Colour		

Additional Features

Conductor Diameter (mm)	0.5	Core insulation material	Polyvinyl chloride (PVC)
Conductor material	Aluminium	Reaction-to-fire according to EN 13501-6: Class	Fca
Conductor surface	Copper-plated	Sheath material	Polyvinyl chloride (PVC)

FURTHER DETAILS

Product Status (at download): Active

Date Updated: 05-08-2025

Trade Tariff Commodity Code: 85444995

Country of Origin: Not supplied
