Hispec HSLEDUL/PIR

Hispec Coral Up/Down Wall Light with PIR Sensor Stainless Steel

Manufacturer: Hispec Electrical Products Ltd

GTIN: 5060144134226

Family: Lighting

Range: Outdoor Lighting

DESCRIPTION

Enhance your outdoor security and style with the Stainless Steel Coral Up/Down Wall Light featuring a PIR Sensor. This elegant wall light automatically activates with motion detection, providing both aesthetic appeal and functional lighting for pathways, entrances, and patios.

- **Up/Down Lighting Design:** Features dual light beams that cast light both upwards and downwards, creating a striking and modern lighting effect that highlights architectural details and enhances outdoor ambiance.
- **Integrated PIR Sensor:** Equipped with a Passive Infrared (PIR) sensor that detects movement, automatically turning the light on when motion is detected and off after a set period of inactivity, providing added security and energy efficiency.
- **Energy Efficient LED Technology:** Utilises low-energy LED bulbs to provide bright illumination while minimising power consumption, helping to reduce electricity costs.
- **Durable and Stylish Construction:** Made from high-quality materials with a sleek, contemporary finish, this wall light is designed to withstand outdoor elements and offer long-lasting performance.
- **IP44 Rated:** Water-resistant and dustproof, this wall light is suitable for outdoor use in a variety of weather conditions, ensuring reliable operation year-round.
- **Adjustable Sensor Settings:** The PIR sensor offers adjustable sensitivity and timing settings, allowing you to customise the detection range and the duration of light activation to suit your needs.
- **Easy Installation:** Includes all necessary mounting hardware and installation instructions, ensuring quick and hassle-free setup on exterior walls or other suitable surfaces.
- **Enhanced Security:** Automatically illuminates when motion is detected, improving visibility around entrances, pathways, and other outdoor areas, and serving as a deterrent to potential intruders.

- Versatile Application: Suitable for use on residential homes, commercial buildings, hotels, and restaurants, this wall light complements various architectural styles while providing practical lighting solutions.

TECHNICAL SPECIFICATION

ETIM Class: Ceiling / wall luminaire (EC002892)

Primary Features

Colour of light	White	Light source included	No
Degree of protection (IP), front side	IP44	Light source type	Other
Degree of protection (IP), rear side	IP44	Maximum system power (W)	35
Housing colour	Stainless steel	Nominal voltage (V)	220 - 240
Lamp cap/base	GU10	Number of lamps	1
Lamp power (W)	35 - 35	Voltage type	AC

Additional Features

Compatible with Amazon Alexa	No	Suitable for wall mounting	Yes
Compatible with Google Assistant	No	With movement sensor	Yes
Movement sensor/presence detector technology	Passive infrared	With presence indicator	Yes
Protection class according to IEC 61140	I
